

Professional Transportation & Logistics Management Solutions

Structured, Reliable, and Execution-Driven Surface Freight for India

Redefining Logistics Through Disciplined Execution

Stranz is a professionally managed company designed to function the way an ideal logistics system should—with accountability, discipline, and transparency. We go beyond simple transportation to deliver structured and reliable execution. Our operations are designed for consistent service performance, minimizing delays through rigorous control.

Setting High Standards for Operational Control

Our Mission

To provide dependable, cost-effective solutions through proactive coordination and customer-focused delivery.

Our Vision

To be the trusted partner for businesses by prioritizing transportation reliability and building long-term relationships.

Exclusive Vehicle Allocation for Speed and Safety

Full Truck Load (FTL) Transportation

- **One Vehicle, One Customer:** Dedicated vehicles allocated exclusively for a single customer's cargo.
- **Operational Benefits:** Ensures faster transit, minimal handling, and predictable delivery timelines.
- **Scope:** Comprehensive management from vehicle placement to final delivery confirmation.

Ensuring Cargo Integrity for Sensitive Consignments

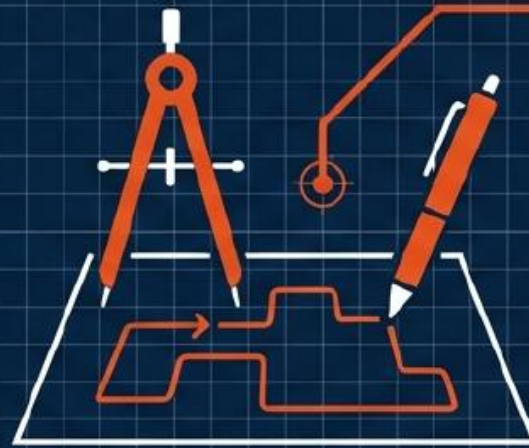

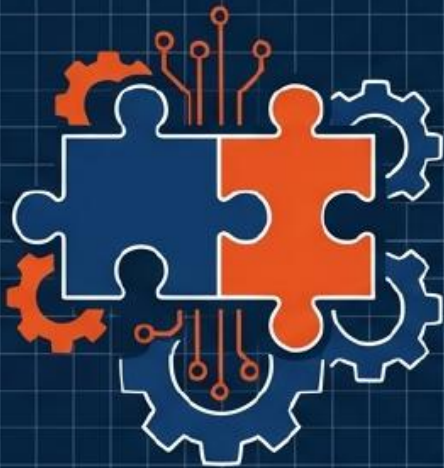

Fully Closed Truck Services

Ideal for FMCG goods, electronics, pharmaceuticals, and packaged materials.

- Protection from weather, dust, and external exposure.
- Rigorous vehicle condition checks and secure loading practices.
- Disciplined transit monitoring to ensure cargo integrity throughout the journey.

Case-Specific Logistics for Unique Requirements

Standard models don't suit everyone. We offer Tailored & Case-Specific Logistics Solutions.

- Cargo characteristics
- Delivery timelines
- Operational constraints
- Focused route assessment and execution control

A Scalable Fleet for Every Load Dimension

- **Comprehensive Size Range**
A diverse lineup spanning from 7 ft to 32 ft to accommodate all load dimensions.
- **Optimized Vehicle Allocation**
Selection is tailored to maximize cost-efficiency and ensure route feasibility.

STRANZ DELIVERS OPERATIONAL CERTAINTY ACROSS SOUTH INDIA'S MAJOR LOGISTICS CORRIDORS.

We go beyond simple transport to offer comprehensive logistics management. By combining local expertise with rigorous process control, we ensure rapid deployment and cargo integrity.

- **Region:** Deep expertise in Bengaluru, Chennai, Coimbatore, and Puducherry corridors.

- **Asset Base:** Scalable fleet from Tata Ace (7ft) to 32ft Containers.

- **Promise:** Reliable execution through proactive coordination and customer-focused delivery.
